

# GALILEO USER SATISFACTION SURVEY – 2021

The European Union Agency for the Space Programme (EUSPA) launched the 3rd Galileo User Satisfaction Survey between 21<sup>st</sup> December 2021 and 28<sup>th</sup> April 2022.

We gathered valuable information regarding:

- perception and expectations about Galileo service.
- the specific needs the users within different market-related segments have.
- suggestions for improvement of the European GNSS Service Centre (GSC).

**Thanks for your trust and  
contribution to improving the  
Galileo service!**

This survey gave voice to the growing Galileo User Community and build a continuous dialogue for the improvement of the Galileo system and its services.

Galileo is Europe's Global Navigation Satellite System (GNSS), providing improved positioning and timing information, and serving public authorities, businesses and citizens across Europe and beyond.

# IDENTIFICATION QUESTIONS

Distribution of the respondents by downstream actor

Distribution of the respondents by market segment

# GENERAL GALILEO QUESTIONS

Overall **SATISFACTION** with Galileo continues to grow

82.35%

# FEEDBACK ABOUT GALILEO

## Galileo Users

### Top-5 reasons to use Galileo

It is a European project designed for civil purposes	65%
There are more satellites available	62%
I experience better positioning performance	50%
My customers appreciate the inclusion of Galileo	29%
It is better protected against interferences	26%

### Top-5 features expected from Galileo

Stronger protection regarding jamming/spoofing	56%
Better performance (accuracy, availability ... )	38%
Lower time to obtain the first position	32%
Strong confidence regarding positioning error	29%
More precise timing/synchronization information	18%

**Most repeated comments:** additional information about public keys for OS-NMA; publication of RINEX data; timely provision of satellite metadata is the top-repeated comment.

## Non-Galileo users

### Top-3 reasons to not use Galileo

Other	60%
I do not experience a better positioning performance	20%
Galileo cannot be activated in my device (even if it is Galileo compatible)	20%

*Comments to "Others": Galileo use in civil aviation is still not supported.*

### Top-5 features expected from Galileo

Possibility to get authenticated GNSS signals	80%
Higher accuracy	60%
Higher availability of satellites	60%
Resistance to interferences (jamming, spoofing)	40%
Use a public and civil EU owned infrastructure	40%

**Note:** for all questions, users could select one or more answers

# GSC-RELATED QUESTIONS

55% of respondents are REGISTERED in the GSC

## Global Statistics

**KNOW** about the GSC **82%**

have **VISITED** the GSC **69%**

overall **ASSESSMENT** for the GSC **3.82**  
(1-5 scale)

**NAGU** satisfaction (1-5 scale)

**HELPDESK** satisfaction (1-5 scale)

**ALMANACS** satisfaction (1-5 scale)

**ELECTRONIC LIBRARY** satisfaction (1-5 scale)

**INCIDENT REPORTS** satisfaction (1-5 scale)

**SATELLITE METADATA** satisfaction (1-5 scale)

2021 2020

4.60 3.90 ↑

3.82 3.57 ↑

4.25 4.50 ≈

4.00 4.00 =

4.33 3.75 ↑

4.10 4.25 ≈

# FEEDBACK ABOUT GSC SERVICES\*

# FURTHER RECOMMENDATIONS TO STRENGTHEN THE GNSS SERVICE CENTRE (GSC) (SHORT/MEDIUM TERM)

Recommendations

**1.1. To consider including on the GSC website a detailed roadmap on future Galileo satellite launches.**

Publication of future Galileo launches on the GSC website is under assessment. Roadmaps on Galileo Services are under preparation.

**2.2 To consider the provision of more Galileo products through the GSC website, such as RINEX Navigation files.**

New Galileo products will be available promptly in the GSC Web portal, as almanacs from GMS.

**3.3. To improve the publication time of Galileo satellite metadata and to offer additional information.**

Additional satellite metadata information will be published in the short term.

**4.4. To consider new features on the web, such as the publication of additional information on Galileo satellite's active clocks and to have a dedicated Training section with content for both technical and non-technical users.**

A Training section will be an integral part of the future "User Workspace" on the GSC website. Other features will be ready on future GSC versions.
